ROW AMONG REGENTS

PROF. HOLDEN TO LEAVE LICK OBSERVATORY.

Brother Phelps suggests a nice little present of three months' vacation with pay.

GOV. BUDD MAKES INQUIRIES.

LETTER BY PROF. COLTON WILL BE INVESTIGATED.

Ex-Queen Lil Starts for Montreal. Capt. Jenks Starves His Horses. Doll Arrested for Murder. Dr. O'Donnell's Latest.

[ASSOCIATED PRESS NIGHT REPORT.]
SAN FRANCISCO, Sept. 21.—There was a lively tilt between Gov. Budd, acting chairman Phelps and President Kellogg at the meeting of the University regents today over the resignation of Prof. Holden of the Lick Observatory.

Regent Phelps brought the matter up by suggesting that as Prof. Holden contemplated resigning, it would be only right and proper that the board allow him three months' leave of absence with pay in order to allow of his completing arrangements for the future.

Gov. Budd said that it had come to his knowledge that a letter was in the possession of some member of the board from Prof. Colton of the Lick Observatory to the effect that he tendered his resignation on account of the conduct of Prof. Holden. He intimated that this letter had been suppressed by those by whom it had been received.

President Kellogg admitted having received the letter referred to, and stated that he had turned it over to Chairman Phelps of the Lick Observatory Committee. The latter stated that he understood that Prof. Colton had disposed of the matter by leaving both the observatory and the state.

Gov. Budd insisted upon the production of the letter, and after it had been read by Secretary Davis, the matter was referred to a committee for investigation, which will inform Prof. Colton of his resignation. The committee has been accepted and will arrange for granting Prof. Holden's leave of absence.

DR. TAGGART'S SUICIDE.

Bakersfield Dentist Kills Himself at San Francisco by Shooting.

[ASSOCIATED PRESS DAY REPORT.]

SAN FRANCISCO, Sept. 21.—Dr. David R. Taggart committed suicide at an early hour this morning in a room of the Lick House, occupied by Dr. A. L. Wilson of Tulare, where he had gone to keep his friend company.

During his temporary absence in the bathroom, Dr. Wilson heard a pistol shot. On returning to the bedroom with Dr. G. Shannon of Tulare, who occupied an adjoining room, and who had also heard the shot, they found Taggart lying on the floor with blood streaming from his chest and an old rusty revolver lying by his side. They placed him on the bed, and he expired in less than a minute after they had lifted him from the floor.

Dr. Taggart was a dentist of Bakersfield. He came to this city about ten days ago. He had been drinking heavily, and yesterday was suffering from the effects of an overdose of morphine. During the afternoon Dr. Wilson took Taggart's pistol from the latter's pocket and kept it in his possession until evening, when he found that Taggart had, as he thought, completely recovered, and he then returned the weapon to him.

Dr. Taggart was 26 years of age, and a native of Illinois, where his young wife and baby are now visiting. He has two brothers, Thomas Taggart of Bakersfield and Dr. Charles Taggart of Los Angeles. A farewell note to his wife was found in his pocket.

MONITOR MONTEREY.

Reported to Have Gone Ashore in a Fog Monday.

[ASSOCIATED PRESS DAY REPORT.]

POINT ARENA, Sept. 21.—The monitor Monterey, bound south from Puget Sound, is reported to have run ashore in the fog, six miles north of the light-house yesterday afternoon, but got off three-quarters of an hour later, and continued on her voyage. The extent of the damage is not known.

IN SAN FRANCISCO HARBOR.

[ASSOCIATED PRESS DAY REPORT.]

SAN FRANCISCO, Sept. 21.—The United States coast-defense monitor Monterey arrived here this morning, and is now anchored at the wharf of Folsom-street wharf. While the naval authorities decline to either deny or confirm the report that she went ashore at Point Arena yesterday, they state that she anchored off that point in order to avoid the danger of proceeding in the unusually heavy fog. They admit that she might have touched bottom, but say that they know nothing of the matter, and that if she is damaged at all the extent of the injury cannot be ascertained until she goes up to Mare Island.

METHODIST CONFERENCE CLOSED.

Bishop Newman Elected President of the Board of Trustees.

[ASSOCIATED PRESS DAY REPORT.]

PACIFIC GROVE, Sept. 21.—The California annual Methodist Episcopal conference held its closing session this morning. J. D. Hammond presiding. The report of the Educational Committee followed the address of Eli McElch, D.D., Chancellor of the University of the Pacific. Trustees on the class of 1909 elected Bishop John P. Newman, president of the board. Bishop Newman then assumed the chair. H. A. Atkinson, James L. Case, Alfred J. Case, J. W. Kwal and Harry G. Richardson were received on trial, and C. H. Woods and H. O. Edson on credentials.

The closing address giving ministerial appointments by the bishop finished the business. The conference adjourned sine die.

CALIFORNIA WATERWAYS.

Anti-Debris Association Meets to Hear Reports Concerning Them.

[ASSOCIATED PRESS NIGHT REPORT.]

SACRAMENTO, Sept. 21.—The executive committee of the State Anti-Debris Association held its regular monthly meeting at the rooms of the board of Supervisors today. Thomas Jenkins, the president, presiding, and Robert Cosner of Colusa acting as secretary.

William Johnston, chairman of the Legislative Committee reported on the visit of the congressmen recently to Sacramento, stating that they seemed fully impressed with the necessity for improving the navigability of the Sacramento River and its tributaries.

Robert T. Devlin, attorney for the association, reported as to certain matters pending before the California Debris Commission, in which the association is interested, and was instructed to proceed in the Circuit Court of Appeals with the appeal taken by the North Bloomfield Company from the decision of Judge Ross, holding that the mine was controlled to comply with the requirements of the Debris Commission.

The manager, W. T. Phipps, submitted the monthly report of himself and watchman, showing the mines visited during the past month. The manager reported that many mines that had suspended operations during the summer months, owing to the scarcity of the water supply, were again working themselves for mining by the hydraulic process during the water season.

A resolution was passed urging that the commission of Federal engineers in charge of the improvement and preservation of the Sacramento and Feather rivers be requested to repair the breaks in the banks of those streams. The resolution says the confinement of these rivers within their channels is imperatively required in the interest of navigation and commerce.

LAWYER CAMPBELL'S BILL.

Sues M. D. Howell and Wife to Obtain Payment.

[ASSOCIATED PRESS NIGHT REPORT.]

STOCKTON, Sept. 21.—C. Campbell, of Reddy, Campbell & Metcalf, San Francisco attorneys, today commenced suit here against M. D. Howell and wife to recover \$5000 professional fee and \$625 moneys advanced and laid out in the defense of Howell before the United States District Court, a year or more ago, when Howell was charged with having passed counterfeit coin.

The complaint says demand for the money was made on Howell and wife here on the 3d of September but the bill has not been paid. The employment was on the retainer of Mrs. Howell, who has the money, and it was for the third trial of her husband, who was finally acquitted. Campbell was their attorney throughout the litigation which won Mrs. Howell a large share of the big estate of her adopted father, "Uncle Billy" Johnson, a rich bachelor farmer of this county, and the same attorney, with E. S. Pillsbury, defended Howell on the counterfeiting charge. Mrs. Howell has some property left on which the judgment could be collected, but her husband cannot pay the lawyer's bill.

SCHOLARSHIP FOR THE BLIND.

Graduates of Berkeley Asylum Interested in a Worthy Project.

[ASSOCIATED PRESS DAY REPORT.]

SAN FRANCISCO, Sept. 21.—The graduates of the Deaf, Dumb and Blind Asylum at Berkeley have organized a novel society. Its purpose is to interest wealthy people and, if possible, the Federal and State governments, in establishing scholarships for the blind in leading educational institutions.

Newell Perry, a graduate of the University of California, now an instructor in mathematics at that institution, is president. Daniel Weider, a business man in Oakland, is vice-president and Dennis Foley, a musician, secretary.

WILLIAMS'S LINEN DUSTER.

It Helps to Fasten a Crime on Him and Slagel.

[ASSOCIATED PRESS NIGHT REPORT.]

STOCKTON, Sept. 21.—The preliminary examination of Williams and Slagel, on the first charge of attempting to wreck the Southern Pacific train on the evening of the 4th inst., was commenced today.

The case was plainly made out by the people, the most important testimony being the admissions made by Williams and George Cook and the identification of a piece of cloth found on the fence wire as a part of the linen duster worn by Williams on that night. The defense will make its showing tomorrow.

CAPT. JENKS DEGENERATES.

He Falls to Feed His Horse Either Corn or Beans.

[ASSOCIATED PRESS NIGHT REPORT.]

SAN FRANCISCO, Sept. 21.—Capt. Charles A. Jenks, Troop A, N.G.C., was convicted of cruelty to animals in Police Judge Conlan's court today. He was charged at the instance of the local Society for the Prevention of Cruelty to Animals with allowing sixteen troop horses to be confined on a sand lot adjacent to the armory without food for over three days. Judge Conlan in rendering judgment said that he had never heard of such

inhuman conduct since he had been on the bench. As a National Guardsman of some years' standing, he deeply regretted that such a state of affairs could exist as had been testified to. It is generally understood that the court of inquiry is investigating the matter with a view to recommending the matter be court-martialed.

DR. O'DONNELL RAMPANT.

The San Diego Education Wants the Board of Education Ousted.

[ASSOCIATED PRESS DAY REPORT.]

SAN FRANCISCO, Sept. 21.—Emulating the example of G. C. Fitch, an educator, in the person of Dr. C. C. O'Donnell, has announced his intention to institute proceedings against the members of the Board of Education, with a view to ousting them from office for alleged malfeasance.

The proceedings will be based upon the charge that the members of the board have not only neglected their duties, but also violated the law by letting contracts without having executed the one-twelfth act in making expenditures and in changing text books without less than four years' notice of adoption. Dr. O'Donnell's attorneys say that the accusations will be filed this afternoon.

ASSAULTS HIS MOTHER'S WILL.

Tom Fitch, Jr., Asks for a Distribution of the Estate.

[ASSOCIATED PRESS NIGHT REPORT.]

SAN RAFAEL, Sept. 21.—A case which promises to be of great interest was begun here today, when a contest was filed by Thomas Fitch, Jr., of the will of Mary H. Sweeney, who died on July 15, 1897, at Lagos, Canada East. She was the mother of young Fitch, and at the time of her death was the wife of Lorenzo H. Sweeney, a member of the well-known firm of Dodge, Sweeney & Co., wholesale grocers of San Francisco.

It is now a resident of San Francisco. Fitch, well known as the "Silver-tongued Orator," the contestant, who is now a resident of San Francisco, is disinherited, prays that the probate of the will in favor of Sweeney be declared null and void, and that the estate be distributed in accordance with the laws of California.

THERE ARE OTHERS.

Grand Jury Investigation of Bartlett's Testimony for Mrs. Craven.

[ASSOCIATED PRESS NIGHT REPORT.]

SAN FRANCISCO, Sept. 21.—The grand jury today resumed its investigation of the perjury charge against C. S. M. Bartlett, a witness in the Angus Craven case. It is understood that the witnesses are being closely examined by the jury with a view to bringing charges of perjury against others.

Mayor Phelan was called today, and testified that Senator Fair attended a business meeting with him on the day on which it was contended the dead millionaire was in another place. Mrs. Nettie R. Craven was examined at length, being closely questioned regarding Bartlett's connection with the case, but nothing new was ascertained.

ALL AT OUTS.

The Cyrus Wakefield's Crew and Officers Accusing Each Other.

[ASSOCIATED PRESS NIGHT REPORT.]

SAN FRANCISCO, Sept. 21.—The stabbing affray on the steamer Wakefield on the American ship Cyrus Wakefield is to be investigated in the courts. On complaint of Capt. Henry, Louis Rowland, able seaman, was arrested today, charged with having stabbed Second Officer Thomas Marks.

Soon afterward a delegation of seamen from the Wakefield procured warrants for the arrest of First Officer Lamborn and Second Officer Marks, charging them with having beaten and maltreated sailors on the high seas. They claim Rowland acted in self-defense.

BONDSMEN SEED.

Aftermath of the Death of Eureka's Former City Treasurer.

[ASSOCIATED PRESS NIGHT REPORT.]

EUREKA, Sept. 21.—A suit was commenced today by the city of Eureka against the bondmen of the late City Treasurer, Fred Young, who was killed on the night of July 4, just before time to turn over the office to his successor, and who was subsequently found to be a defaulter to the extent of \$233.

The bond upon which suit is brought is for \$40,000, with the following bondmen: N. Bullock, J. Bell, J. Campbell, J. W. Henderson, E. Sevier, J. M. Vance, James Simpson, A. H. Buhne and C. Luther.

DOLL ARRESTED.

Is Accused of the Murder of a Hotel Cook.

[ASSOCIATED PRESS NIGHT REPORT.]

NEVADA, Sept. 21.—Emil W. Doll, alias Ed Doll, who has voluntarily remained in the custody of the Sheriff against the payment of \$1000, was being made as to the cause of Todd, his hotel cook, was this afternoon formally arrested for murder on a complaint sworn to by Sheriff Gatchell. The prisoner, who has a wife and three young children, appears to be keenly appreciate the predicament he is in, and is very downcast. He continues to protest his innocence. The preliminary examination will be held next week.

DOLL ARRESTED.

George Marshall Makes His Escape from San Quentin Prison.

[ASSOCIATED PRESS NIGHT REPORT.]

SAN FRANCISCO, Sept. 21.—A special to the Call from San Quentin says: "One of the most clever escapes ever effected at San Quentin was made today, and George Marshall, alias Louis B. Shroder, sent up from San Quentin county six months ago for grand larceny and sentenced to three years' imprisonment, is now enjoying freedom. Marshall's duties were to keep in order the rooms of the guards, but instead of making a bed today, he donned a suit of clothes belonging to a guard, and leaving his convict dress in the guardhouse, walked unobserved over the hill to San Rafael. Marshall was not missed until he had been gone about four hours, and although Warden Hale has offered a reward of \$50 for the return of the prisoner, he has not been found. Marshall took an entire change of clothing from the guardhouse. He was trusted about the prison his duties as a guard, and leaving him outside the walls, but not outside the grounds."

THE JAPANESE TYPHOON.

Passengers Say Damage Was Greater Than Has Been Reported.

[ASSOCIATED PRESS NIGHT REPORT.]

VICTORIA (B. C.), Sept. 21.—Passengers who left Yokohama on the steamer Empress of India on the 13th inst., the day after the big typhoon, state that the damage done was even greater than cable to the Associated Press.

Shipping in Yokohama Harbor was demoralized, and much damage was done in towns and villages. It was reported that many lives had been lost, but the exact number could not be ascertained before the Empress left Yokohama.

KAMAGAWA ALMOST DESTROYED.

[ASSOCIATED PRESS NIGHT REPORT.]

VICTORIA (B. C.), Sept. 21.—The greatest loss of life by the typhoon on the Japan Coast occurred at Kamagawa, which village was almost entirely destroyed. Groups all along the coast were ruined by the typhoon, preceded by an earthquake which also did much damage.

[ASSOCIATED PRESS NIGHT REPORT.]

WASHINGTON, Sept. 21.—President McKinley and party left the city tonight for North Adams, Mass., where they will be the guests of Hon. W. B. Plunkett.

Accompanied by Mrs. McKinley and Miss Mabel McKinley, the President arrived at the station a few minutes before 8 o'clock, and went immediately to the special train in waiting, where they joined Secretary and Mrs. Alger, Attorney General and Mrs. McKenna and Executive Clerk Courtney, and the President and party remained in the train until 10 o'clock, when they were taken to the hotel.

COLLIDED AND SUNK.

Steamer Ika and Many Passengers Lost at Flume.

[ASSOCIATED PRESS NIGHT REPORT.]

LONDON, Sept. 22.—[By Atlantic Cable.] A dispatch to the Daily News from Vienna says that the steamer Ika, with a crew of ten and carrying fifty Austrian passengers, was entering the port at Flume on the River Fiumara, this evening, when she collided with the English steamer Thria, which was leaving. The bows of the Ika were stove in and she sank in two minutes.

Boats instantly put off and saved the captain and seven others, but most of the passengers perished. The casualty took place in full view of thousands who crowded the pier.

THREE HAPPY WOMEN.

Each Relieved of Periodic Pain and Backache, A Trio of Fervent Letters.

Before using Lydia E. Pinkham's Vegetable Compound, my health was gradually being undermined. I suffered untold agony from painful menstruation, backache, pain on top of my head and ovarian trouble. I concluded to try Mrs. Pinkham's Compound, and found that it was all any woman needs who suffers with painful monthly periods. It entirely cured me.

Mrs. GEORGE WASS, 923 Bank St., Cincinnati, O.

For years I had suffered with painful menstruation every month. At the beginning of menstruation it was impossible for me to move more than five minutes. I felt so miserable that I wrote Mrs. Pinkham's Compound a letter, and I sat right down and read it. Lydia E. Pinkham's Vegetable Compound. I can heartily say that to-day I am a woman; my monthly suffering is a thing of the past. I shall always praise the Vegetable Compound done for me.

Mrs. MARGARET ANDERSON, 363 Lisbon St., Lewiston, Me.

Lydia E. Pinkham's Vegetable Compound has cured me of painful menstruation and backache. The pain in my back was dreadful, and the agony I suffered during menstruation nearly drove me wild.

Now this is all over, thanks to Mrs. Pinkham's medicine and advice.—Mrs. GABRIEL V. WILLIAMS, South Mills, N. C.

The great volume of testimony proves conclusively that Lydia E. Pinkham's Vegetable Compound is a safe, sure and almost infallible remedy in cases of irregularity, suppressed, excessive or painful monthly periods.

CLEAN STREETS.
PROVEN PRACTICAL HINTS ON HOW
TO OBTAIN THEM.

Street Cleaning by Hand-Politics
Must Be Kept Out of the Depart-
ment--A Sweeper's Outlook--Ju-
venile Aids--Health, Comfort and
Cost.

The "Cleaning of a Great City" is
the leading article in McClure's
for September. The subject is thor-
oughly and skillfully discussed by
Colonel George E. Waring, Jr., the
Commissioner of Street Cleaning,
of New York city. The active interest
lately awakened in this subject in al-
most every large city in this country,
and now in the city of Los Angeles,
which as a world-famed health re-
sort should be one of the cleanest of
all, gives this article a special interest
to many.

The tendency to ascribe the negli-
gence of municipal cleaning depart-
ments to any political party, he says,
is almost invariably the fault lies with
the system of regarding the street
cleaning department and its positions
as political spoils to be rewarded.
To secure proper conduct of it, in other
words, clean streets, this notion must
be entirely done away with and the
street cleaning department must be
absolutely independent of politics. This
is the first great essential toward se-
curing clean streets according to Com-
missioner Waring. His observations on
the reorganization of New York
street-cleaning department should be
instructive to the merchants and man-
ufacturers of Los Angeles in adopt-
ing the methods inaugurated there,
though, perhaps in a much more modest
measure.

First of all good superior officials
are essential. On this point he says:
"Knowing that organizations of men
are good or bad according to the way
in which they are managed, that a good
colonel makes a good regiment, he
paid attention at first to those at the
top--the colonels. I sought men
mainly with military training, or with
technical education and practical ex-
perience. I did not care for political
ones. I sought men who had had ample
time to examine the vessel, H. W. Frank,
president of the association, called for
Capt. Milton Whiting, master of the
vessel, and addressing him said: 'The
visitors had come to wish him a pleas-
ant voyage. The merchants and pro-
ducers had seen the opportunity to
develop trade along the Mexican coast
and had embraced it. A good start
had been made and he was sure it
would lead to greater things in the
future. As Mr. Frank concluded his
remarks three cheers were given for
the steamer and her captain.'

The Albin will leave this morning.
She carries over seventy tons of freight
consisting of building material and
other articles. The Los Angeles Soap
Company, Simon M. M. & Co. have
a representative aboard who will in-
vestigate the opportunities for trade
along the coast. The steamer will re-
turn to San Pedro in about six weeks.

Notwithstanding all the cheers and
the excellent service rendered by the
interest shown by the mercantile com-
munity of Los Angeles is very slight,
and one man represents all the firms
and has been selected to represent the
city for the trade of Mexico. Mr. Bat-
tley is the lone, lone agent sent out
by Los Angeles to investigate the com-
mercial prospects of the coast. He is
all the interested firms. It was re-
ported by the Merchants and Manu-
facturers' Association a few days ago
that the city would send a number of men
down to investigate the situation and
work up trade with Mexico. The mer-
chants had been down on the coast
and drank punch with much enthu-
siasm and cheered the Albin until they
were hoarse, but their courage cooled
away at the last moment and they
sent only one man to represent the
whole outfit.

AT THE U. S. BUILDING.
THE TIGER LIBERATED.
Case Dismissed from the United
States District Court.

A Judge, sitting in the United
States District Court yesterday made
an order that the steam tug Tiger
should be allowed to go free. The li-
bels against the tug have been dis-
missed on motion of the libellants.
Receiver C. J. Smith of the Oregon
Improvement Company and the Pa-
cific Coast Railway Company.

SENT TO HIGHLAND.
Mrs. Anna Norton, wife of Samuel
Norton, a former merchant of this city,
was brought before Judge Clark yester-
day afternoon and examined on a
charge of insanity.

The examination was conducted by
Drs. Alden and Smith, who issued an
order for Mrs. Norton's commit-
ment.

The unfortunate woman is about 30
years of age, and the mother of eleven
children.

DENVER SENDS GREETING.
Slaves of the Silver Serpent to the
Fiesta Queen.

Invitations have been received at
Fiesta Headquarters for the ball at
Denver, which is to be given October
7. The Slaves of the Silver Serpent
send greeting to Her Majesty La Reina
de la Fiesta and to the gentlemen of
the Executive Committee, and beg their
attendance at the coming revels in
honor of the Silver Serpent. A charm-
ing souvenir accompanied the mes-
sage, in the form of a square silver
card-receiver, elaborately embossed and
artistically designed. In the center are
the words: "Slaves of the Silver Ser-
pent, 1897," and around the raised
ring is curled a winged serpent of
silver, attended by heralds and pages.
All the work is in low relief, and is
beautifully done.

Bertrand Getting Worse.
The Frenchman, Gustave Bertrand,
who was shot by a special officer sev-
eral nights ago, should have died yester-
day afternoon before Justice Mor-
rison, but when the case was called
a certificate from Bertrand's physician
was introduced which stated that the
man was too ill to appear.

The friends of the wounded man say
that the present torrid weather is
causing Bertrand's wound to grow rap-
idly worse. Police Surgeon Hag-
gins says the wound is not serious
but there is no telling what complica-
tions may arise.

A Box of Monkeys.
The farce-comedy "A Box of Mon-
keys," will be given this (Wednesday)
evening, by the girls of St. Paul's pa-
rish, at the Guild Hall, on Olive street,
between Fifth and Sixth streets. The
play is under the direction of Mrs.
Pittcock. Those to take part are Miss
Alice Gray, Miss Ethel Collier, Miss
Marian Snow, Ralph W. Pittcock
and Arlene Harvey. Miss Zaida
Maxwell and Miss Olive Smith will
render piano selections and Mr. Ar-
wedson will give a comic solo.

THE REAL THING.
Make no mistake. There are some "real
good" at El Belmont. Absolutely
pure Havana in every stage of the work.

of the department. Nearly five hun-
dred of these in their white caps, the
juvenile badge office in the depart-
ment, appeared in the parade of last
year, some of them with two years re-
cord in the department. These organi-
zations are active in trying to keep
the streets clean.

Through them better than by any
other channel the objects of the de-
partment are brought home to the pa-
rents whose places these active aides
will soon assume.

"Cleanliness is catching," and clean
streets lead to cleaner yards and
cleaner houses and less injury from
dirt to clothing, furniture, carpets,
chairs, bookcases, stores and
shops; and, especially to the lungs,
throats and passages of the human
inhabitants, of whom 15,000 less have
died in the city of New York than
should have died according to the
death-rate average maintained for ten
years before.

And from the fact that, according
to the president of the United States
Rubber Company, the street cleaning
improvements have saved the people
of New York over \$100,000 per year
formerly spent with his company alone
for over shoes and rubber boots in ex-
cess of the present demand, to say
nothing of the great amount of money
necessarily spent for carts to trans-
fer garbage, rubbish and ashes before
a reliable street cleaning department
could be counted upon to do it, and
also the still vaster amounts, no doubt,
saved in doctor's bills and funeral
charges, Col. Waring shows that the
total cost for a year of clean streets,
cleanliness, comfort and health, undreamt
of in New York thirty-six months ago
and unrealized in Los Angeles today,
is almost exactly three cents per in-

THE WEATHER.

U. S. WEATHER BUREAU, Los Angeles, Sept. 21.—At 5 o'clock a.m. the barometer registered 29.92; at 5 p.m., 29.92. Thermometer for the corresponding hours showed 70 deg. and 81 deg. Relative humidity, 5 a.m., 64 per cent.; 5 p.m., 51 per cent. Wind, 5 a.m., north, velocity 3 miles; 5 p.m., west, velocity 5 miles. Maximum temperature, 97 deg.; minimum temperature, 68 deg. Character of weather, 5 a.m., partly cloudy; 5 p.m., cloudy. Barometer reduced to sea level.

The Times

ALL ALONG THE LINE.

The merchants who went down to Terminal Island yesterday doubtless had a good time, but it is doubtful if drinking punch and cheering a sea-captain will build up much trade with Mexico. Only three firms took advantage of the offer of free transportation for agents, and they chipped in and sent one man to represent all their interests.

The Purity Conference would have been a greater success had its programme included an address by a certain correspondent who wrote recently to The Times concerning a domestic affair and used this exquisitely delicate form of expression: "Mrs. Smith wrote among other things, that she was about to become a —." That is a phrase that could not bring the blush of shame to the cheek of Editor Melick, although it may be a trifle ambiguous and may leave unnecessary latitude to the imagination of the wicked.

The Supreme Court and obvious fact to the contrary notwithstanding, the United States Land Office holds that mesquite is timber and prosecutes persons who cut it, or rather dig it, from government land. The land officials probably imagine that mesquite can be cut up into saw-logs and telegraph poles, and are not aware that its greatest defect, in the estimation of Arizona people, is that it never grows tall enough to hang a horse-thief from. Mesquite timber is harvested with a spade and a crowbar.

The San Diego Chamber of Commerce is considering whether or not San Diego can afford to pay \$30 a month as the expense of adequately representing the county in the exhibit of Southern California products maintained in Los Angeles for the information of home-seekers from the East. The Los Angeles Chamber of Commerce fosters the interests of all the counties of Southern California, and the absence of the products of San Diego would be not only an indirect disadvantage to the State as a whole, but a very positive disadvantage to San Diego. It is time for San Diego to quit making faces and behave like a grown-up city.

In the discussion of the Merchants' and Manufacturers' Association of the street-cleaning subject one phase of the problem was only briefly alluded to. This is the total ignoring by the public of the hitching ordinance recently adopted by the City Council, in consequence of which the asphalt pavement near the sidewalk becomes eaten away very rapidly, giving rise to an opportunity to accumulate this backwoods system of leaving horses hitched close together on the sidewalk for hours at a time is not only a nuisance to pedestrians who wish to cross the street, but works havoc with the asphalt pavement, and causes the accumulation of ill-smelling filth, which is not only offensive to the senses, but injurious to the public health. Such a practice as this is unworthy of a civilized and progressive city. The authorities should see that the hitching ordinance is enforced, without delay and without respect to persons.

A MAD CANINE.

It is Shot and Then Runs Amuck Over Broadway's Carriages.

The home of Col. John Bradbury presented a peculiar scene yesterday afternoon. Col. Bradbury is noted for his love of fine equipages and possesses a dozen or more stylish rigs besides some buggies, carts, etc. All these vehicles were out in the stable yard yesterday morning, being washed and dusted, and in consequence it was rumored that Col. Bradbury and his wife were coming home. Inquiry developed that a far different reason than the expected return of the owner was responsible for the general cleaning up of the carriages.

On Monday one of the dogs about the Bradbury place had a fit, and it was decided to kill it. The dog was chained to a post, and the animal proceeded to flee from its pursuers, and jumped from one carriage to another until it had made the circuit of the rig a second time. When it was caught and killed. All the time it was chasing through the carriages the dog was bleeding profusely from the first wound inflicted, and as a result the carriages looked as if they had been used on a battlefield by the Red Cross society, to bring in the wounded. A general clean-up followed the incident of the dog.

Weather and Crops.

Cooler, pleasant weather prevailed the earlier part of the week with some cloudiness and fog, mostly high, in the coast sections, followed at the close by very warm weather throughout Southern California. Light squalls of rain fell on the 15th, in the western portion of San Bernardino Valley and at San Diego, which did neither good nor harm.

The weather conditions were favorable for maturing oranges and walnuts, which latter are beginning to drop, and the fruit-drying season is progressing. The present harvest of deciduous-fruit harvest is nearly ended, and in the northern sections apples, pears and grapes are about all that now remain; the present harvest is progressing in the Santa Ana Valley, in which section early-planted celery is coming on sooner than expected on account of the warm weather and foggy nights.

Los Angeles City: Cooler and pleasant early part of week, followed by very warm weather and low humidity. The mean temperature was 5 deg. in excess of normal. Highest, 84 deg.; lowest, 64 deg. Weather favorable for fruit-drying. South Los Angeles: Weather has been clear, with increasing heat during the week. The weather was very warm in the middle of the day, with less than the usual amount of wind. The temperature ranged from 57 deg. in the morning to 84 deg. in the middle of the day.

TEACHERS OF PURITY.

CLOSING DAY OF CONFERENCE AT TEMPERANCE TEMPLE.

Bishop Montgomery Urges the Adoption of the Roman Catholic View of the Divorce Question—Sermon by Rev. A. S. Clark.

The Purity Conference at Temperance Temple was concluded yesterday with a three-session meeting. In the morning, after devotional exercises led by Dr. Kellogg-Lane, Rev. J. M. Kenney, pastor of Trinity Methodist Episcopal Church South, gave a talk on "Hereditry," Dr. Rachel Reid on "Immorality among Children," Dr. Louise Harvey on "The Proper Education of Young People," and Dr. Kellogg-Lane on "Sacredness of Parenthood." Mrs. Mary E. Teats gave a "normal drill in purity teaching," and answered the question box.

Mrs. Teats led the devotional exercises in the afternoon and Dr. Finis Toakum followed with an address on "Social Purity." Bishop Montgomery delivered an address on "Divorce," setting forth the Roman Catholic view of the question, and declaring his belief concerning the best methods of eradicating the evil. He asserted that the divorce laws were standing bids for crime, and that the Roman Catholic church was the only one that stood up for the law of marriage as instituted by Christ. The people of South Carolina were eulogized for their firm refusal to tolerate divorce for any cause whatever, and the hope expressed that the State would not always stand alone in its attitude toward the question.

The speaker declared that marriage should be considered not only a serious, but an irrevocable thing; that it should be so taught as a doctrine from every pulpit, in every home and school; that a public sentiment, than which there was nothing stronger in this country, should be created against divorce; that marriage was the foundation of society, and society was old as Adam and Eve; that if society were regarded as an ordinance of God, the home and family must be something sacred.

The speaker expressed his firm belief that God's laws were meant to apply equally to men and women; that He had not instituted one law for men and another for women. It was granted that there might be reason for a separation in certain cases, but a divorce followed by remarriage was a state of things that set a premium on crime.

W. C. Patterson was down on the programme for a paper on "Shall Vice or Virtue Triumph," but, being unavoidably absent, Mr. Patterson sent the following letter to the conference: "Dear Madam: I hope that my absence this afternoon will not prove to be a serious disappointment to you. As your committee will testify, I was unable at the time their invitation was extended to assure them of my ability to be present. The object of your conference meet my approval to such a degree that I had sincerely hoped to attend and contribute something to the discussion of the vital question, 'Shall Vice or Virtue Triumph?' A multiplicity of pressing engagements, however, combined to prevent my attendance."

"While hereditry will always be a prominent factor, yet, in my opinion, the early training of children, co-operation of the parents, and the proper support of the press, the constant influence of right-minded people and the growing tendency to humanitarianism, the development of healthy bodies, in which pure souls may abide, will ultimately bring about the triumph of virtue."

In the evening Rev. A. S. Clark, rector of Christ Church, delivered a "Purity" sermon, taking as his text, "Blessed are the pure in heart, for they shall see God." He said, by way of introduction, that the ideal life was the practical one, and that the sermon on the Mount was not a theory, but was intended to be lived; that it was the glory of the present-day Christianity that it had developed the social conscience on a large scale.

Personal purity, the speaker said, must be the foundation. Man is not a social unit, but a gregarious animal, therefore in union there is strength. Social purity must begin in the home and from thence society may be molded. While social life is not altogether perfect, it is a great factor in the elevation of the morals of the community. The church looks to the home and family for the furtherance of its work, upon which civilization depends. Whatever conserves the social mores will be productive of the highest good.

Considering the aids and impediments to purity, the speaker said that first of all there was the church, as the center of righteousness, and with it the forces of the marriage relation, good literature, the five arts and all that tends to elevate common humanity. Against these stand the ideas, not only in the lower walks of life, but the upper as well; the non-recognition of the sacredness of marriage and the lax divorce laws of the land. Against these impediments, all good people must protest, and with might and main attempt a reformation of morals and manners.

The vision of God, the speaker continued, was not something merely in the great hereafter. It must be a present reality. God is not only seen in the works of nature, but in the eternal laws of purity and righteousness. The recognition of this would make the individual strong and the nation firm and valiant for the truth.

NEW OIL EXCHANGE.

Production to Be Regulated—Sales Made.

A committee of oil-producers met at Attorney H. E. Graves's office yesterday afternoon for the purpose of discussing plans relative to the organization of an oil exchange, through which it is proposed to make sales and regulate production to the demands of the market. The charge is expected to be not above 35 cents per barrel for making sales, maintaining headquarters, and compensation for clerical help.

The members of the committee having charge of the preliminary work are L. G. Parker, B. Harsh, H. E. Graves, and T. A. O'Donnell.

A letter was received yesterday by the Clearing-down Committee from J. J. McCall, manager of the Summerland Oil Company of Santa Barbara county, stating that thirty producers of the Summerland oil field had agreed to close down for one week, and asking for further information respecting the movement here, as the producers there desired to cooperate with Los Angeles oil men with the object of raising the price to \$1 per barrel. Dr. Lamb replied by the next mail, and expressed the belief that there would be no trouble in arriving at an equitable cooperation.

The wells of the local district still remain closed, and so far nothing has occurred to mar the harmony of the movement.

PASADENA.

THE CORNER-STONE OF THE NEW METHODIST CHURCH LAID.

Shoemaker Brown Arrested for Disturbing the Peace of His Family. Now Sued for Divorce—Remarkable Little Liar from Los Angeles—News Notes and Personalities.

PASADENA, Sept. 21.—[Regular Correspondence.] The corner-stone of the new Methodist Church on the corner of Orange Grove and Lincoln avenues was laid this afternoon with appropriate ceremonies. The stone was then placed in position by Elder Green, assisted by Bros. Crawford, Call and Bland.

PASADENA COURT CASES.

Mary Estrada, the young widow who was charged with the murder of her husband, was before Justice Merriam this morning and changed her plea of not guilty to guilty, on the advice of her attorney, who was in attendance in connection with the case which caused the Justice to postpone pronouncing sentence until this afternoon. Mary, whose maiden name was Chata Corralles, is a sumptuous, and could not stand being confined within the walls of a jail, and again, it is alleged that she is at times not right in her mind. This latter assertion is also borne out by the fact that there is insanity in the family, for yesterday parties residing in the vicinity of Lamanda Park were told that a woman named Chata, a sister of Chata's, and this forenoon while his sister was before the bar of Justice Pablo was being taken to the asylum by Constable Wallis, on the charge of insanity.

Taking all the circumstances into consideration, Justice Merriam this afternoon read Mary quite a lecture and imposed a fine of \$15, with no alternative judgment, at the same time informing her that a second offense would land her in the penitentiary. Her father-in-law promised to take her to his home and she said she believed herself, and will pay her fine.

Joseph R. Brown, the shoemaker who is charged with disturbing the peace, appeared before Justice Merriam this afternoon with Attorney Bacon of Los Angeles representing him, and pleaded not guilty to the charge made by members of his family. The attorney asked for a postponement, and the Justice granted it until this afternoon. Brown's wife yesterday instituted divorce proceedings on the ground of extreme cruelty, drunkenness and failure to provide.

The second trial of Fred R. Haskin of Santa Barbara for the murder of his wife, was held before Justice Rosier and a jury tomorrow (Wednesday) forenoon.

A jury will be sworn tomorrow to hear evidence in the case of Walter E. Edwards against Prof. G. Wharton James, in which the latter is charged with assault.

ESCAPED FROM THE ASYLUM.

Marshall Lacey had as a guest for dinner and supper today, and a lodger at his home tonight an eight-year-old boy named Ernest Hunter, who is an accomplished rascal. Ernest said he was lost, and a citizen sought the aid of the Marshall to find his home. The boy enjoyed a good dinner and then, after finally located his home up in Pasadena, requested the Marshall, after taking him up there, not to drive him to his home, but to tell him where a kind gentleman the Marshall was, and she would let him call again. The house was empty, and the boy then returned to his mother's home in Pasadena. The Marshall this afternoon to find him. A telephone message to Pasadena brought information from the police there that a boy named Ernest Hunter formerly lived at the Marshall's home. The Marshall was brought into requisition, and the mother of the boy was told that the boy was at the Marshall's home, and while Ernest had made his escape, the Marshall's wife expressed satisfaction with his new home, and "guessed" he would live there. He will be sent back to the Orphan Asylum in the morning.

MANAGER HOLMES IN PASADENA.

Manager John H. Holmes and family of Hotel Grand returned this morning to Pasadena, having closed the Harbor Point Hotel in Michigan on account of the cold weather, which, after the house was closed was followed by a hot spell. Mr. Holmes and his family of about one-half the people in the East are turned toward Southern California, judging from the number of people he has met this summer, who are either coming this way, or have friends who have expressed their intention of wintering in Southern California.

POMONA.

The Latest Electrical Enterprise to Assist in Irrigation.

POMONA, Sept. 21.—[Regular Correspondence.] Some notice has already been given in this correspondence of the electrical project depending on the development of the waters of Mill Creek above Redlands, in which Dr. Baldwin and other Pomona people are the prime movers. It is now learned that this project differs very materially from all the other electrical enterprises being engineered. Its prime purpose is to furnish water for irrigation in a large section of country about Elsinore, where there is an abundance of water under the surface of the earth, but very little that can be used for irrigation without pumping. The plant proposed, according to what is thought to be very conservative estimates, will develop about 2500 horse power at the lowest stage of water in Mill Creek, from which the promoters of the enterprise expect to be able to deliver about 1500 horse power after carrying the power by electricity five miles across the country to Elsinore, that what quantity of water this electric force will be capable of raising from the ground for the irrigation of the plains about Elsinore is, of course, a matter of speculation, but that it will be of great assistance in developing that neglected portion of the country seems certain. Contracts are being made with land-owners about Elsinore, and it will be known here, it is believed, that the promoters of this enterprise will be able to complete it at an early date.

The money to be used for the plant in Pomona, it being uncommonly high for this season of the year, when people are looking for a return on their investments, is being hastened the drying of the deciduous fruit now in hand, and it is thought by some growers that it will have a tendency to hasten the ripening of the orange crop if it continues for any length of time, which will insure a large crop for the fall.

John Rose, who has been in trouble here for some time, was arrested this morning on the charge of disturbing the peace, and this morning was fined \$10 by Justice Gallup, for his fun.

SANTA BARBARA COUNTY.

WATERMAN CASE TO BE SETTLED OUT OF COURT.

County Tax Rate Fixed—Christian Endeavor Meeting—Santa Barbara Finds Alaska Pretty Tough—Incendiarious Fire—News Notes and Personalities.

SANTA BARBARA, Sept. 21.—[Regular Correspondence.] Mrs. Jean B. Waterman and J. G. Waterman will settle their case out of court, in all probability, an agreement of separation having been signed by them, whereby Mrs. Waterman is given charge of the two children and Mr. Waterman the privilege of seeing them at all proper times and places. A compromise of \$200 per month for the first year, and \$350 thereafter as an allowance instead of asked for, said to have been effected, and \$500 for attorney's fees. Financial embarrassment is the least of Mrs. Waterman's difficulties. The agreement awaits the ratification of the trustees of the Waterman estate, who reside in the East.

The Board of Supervisors were in session yesterday and fixed the tax rates for the year 1897, in this county. General fund, 35 cents; school fund, 40 cents; bonded fund, 25 cents; hospital fund, 12 cents. The decrease in assessed valuation has resulted in a higher rate of taxation, although the amount to be raised is really less.

C. A. Edwards appeared for the petitioners concerning the main drain drive, which skirts the heights above the city, from the Mission to El Montecito. All the property owners but one have signed their willingness to give deeds of right-of-way. The hearing of the amended report was continued until the October session.

CHRISTIAN ENDEAVOR.

At the Christian Endeavor Union meeting held last evening, in the Congregational church, the following resolutions were adopted: League and Young People's Baptist Union should be invited to participate in all meetings of the local Christian Endeavor Union, and to vote on all questions pertaining to the convention to be held in this city in November. In the matter of entering into the delegates a motion was carried to the effect that the local Union provide lodging and breakfast for delegates whose railroad fare is less than \$10, and full entertainment for all delegates whose fare exceeds \$10. A self-denial week was organized for raising money to defray expenses, wherein each person should abstain from something and place the amount there saved in the collection, which will be taken up Sunday evening, October 24.

HARD SLEDGING IN ALASKA.

Adolph Abraham, now in Alaska, has again been heard from, through letters dated September 1, Dyea and September 6, at Sheep Camp. His feet and back were blistered and he advised no one to come except by the way of St. Michaels. The trail was so deep with mud that he pulled his boots off and went on top. Within a week he had seen a thousand persons leave their outfits and go back, and he said every day and night and the wind was so terrible he couldn't stand up in it. Everything was high-hay, 150 pound bale, and cost \$5, and flour 10 per sack, and shoes were not to be had at any price; horse shoeing, \$20. A man at Pinnegans Point was making \$10 a day shoeing horses.

SANTA BARBARA BREVITIES.

A club has been organized with the intention of making Laguna Grande and its immediate environment a game preserve and restoring its former prestige as a favorite resort of water fowls. J. B. Quintero is president of the club, and owns the land upon which the lake is situated. He has warned indiscriminate shooters to keep away. E. C. Tallant is treasurer and among the members are Messrs. Doulin, Pierce, Douglas, Sherman, Short, Ballard, Bedington, Hollister and others.

A large barn owned by Leon Carteri, on Figueroa street, and rented to L. Cavalletto, was burned to the ground last night at 10 o'clock this morning, consuming a large quantity of hay stored therein. As the fire started near the roof, a tramp among the hay supposed to have been smoking there, is supposed to have been the cause of the fire. The owner of the hay was out of town. An usual there was neither wind nor water to extend or extinguish the flames.

A warrant was issued yesterday for the arrest of the man who assaulted Mart A. Boren last Saturday night. Boren is or professes to be the author of "She Called it a Romance," a publication which sells on the streets, and refers to the Ward-Bradbury affair.

John Patterson, aged 19 years, son of Mr. and Mrs. C. W. Patterson of Bath street, and residing at the Cottage Hospital, funeral services will be held at the family residence this afternoon.

Presbyterian ministers of Chicago are indignant over the fact that the work of excommunicating and putting in the foundation for the new Federal building at Clark and Jackson streets is being prosecuted on Sunday. At the weekly meeting of the Presbytery, the ministers Association, resolutions were passed and copies forwarded to President McKinley and Secretary of the Treasury, Lyman T. Gage, expressing regret that the Christian Sabbath is being violated by the building of the new postoffice and customhouse.

SAN DIEGO COUNTY.

MURDERER MORALES CROSSES THE MEXICAN BORDER.

Piano-tuner Takes a Few Shots at a Bill Collector—Legality of the Police Court Questioned—Chamber of Commerce Considering the Cost of Exhibits—Notes.

SAN DIEGO, Sept. 21.—[Regular Correspondence.] The case against Hiram Mabury, one of the bondsmen of City Treasurer T. J. Dowell, who lost \$5,323.73 in the failure of the Consolidated National Bank, has been dismissed by resolution of the City Council upon a proposition by Mr. Mabury's attorney to pay half the amount of the loss, or \$2661.87, providing the suit be withdrawn. The other two bondsmen are still liable for the other half.

Johnson's resolution directing the City Engineer to draw up plans and estimates of cost for a city electric-lighting plant, to be operated either by water or by steam, has been referred to the Electric Light Committee.

The Board of Public Works was instructed to open bids for the construction of a chemical engine for Florence Heights, and to take the same under advisement until the next regular meeting of the board, when the bids will be opened.

An ordinance was passed ordering the sale of the city hall lot on Fifth street, between B and C streets, at public auction, for not less than \$12,000. The object of the sale is to raise money for the purchase of suitable sites for a city hall and a city jail.

An ordinance was then passed calling for bids for the above-referred-to sites.

The blanket health ordinance was then adopted, after which the board adjourned.

PEDRO MORALES CROSSES THE LINE.

Word has been received in this city that Pedro Morales, the murderer of Deputy Sheriff Wilson of Los Angeles, has crossed the Mexican line near Tia Juana, with a view of visiting his home in Tia Juana, this country, about five miles from the city, on the road to Los Angeles. Morales crossed the line last Saturday night, about 3 o'clock, and did not proceed far when he met a rancher who was out hunting coyotes. Morales drew his pistol on the rancher and kept him covered by the weapon until he was safely out of reach. The rancher recognized Morales as the murderer of Sheriff Wilson, and he has known him intimately in years gone by. The murderer was riding a small sorrel horse, with a white blaze on his face, and with him, only a pistol of rather large dimensions.

The route taken by the murderer from the line indicates that he purposed riding around through El Cajon, thus partially encircling the city, and endeavoring to make his arrest here. The Sheriff of Los Angeles has been advised of his presence in this country, but so far no action has been received no word in answer to their telegram to the Los Angeles officers.

A piano tuner answering to the name of King is wanted on a charge of assault with a deadly weapon with intent to commit murder.

According to the report that has just come down from Alpine, King, together with a woman who claims to be his wife, stopped over night at the Casty ranch, and the following morning disappeared without a trace. The water in the day when accosted by a representative of the Casty family and asked for the woman, he refused to give a name, and, whipping out a big "gun," took several shots at the bill collector, and then took to the hills. The woman, who was with him, and a buggy on the public highway, two of the shots took effect, but the woman was not hurt, and the man was taken in pursuit of the would-be assassin.

WRIT OF HABEAS CORPUS.

A writ of habeas corpus was asked for in the Superior Court yesterday afternoon in the case of the People vs. McAuliffe, sentenced to a term of six months in the County Jail on the charge of vagrancy. The case is an unusual one, and the court is expected to decide it in a few days.

The law creating the City Justice Court, in which McAuliffe was sentenced, is alleged to be unconstitutional, and the petitioner presented authorities substantiating the points for which he was contending, and the court finally granted the writ, and set him free.

If the writ is granted on the grounds contended for by the petitioner, the City Justice Court, better known as the Police Court, will be left without a judge.

THAT LOS ANGELES EXHIBIT.

For some time there has been some difference of opinion among the members of the Chamber of Commerce as to the advisability of maintaining the San Diego exhibit at the Chamber of Commerce in Los Angeles. Recently, however, by a resolution adopted by the board of directors of the chamber, the exhibit was ordered discontinued. Subsequently, the Daily Sun of this city and the Record of Los Angeles guaranteed the expense of maintaining the exhibit, and it was retained. Since that time, the exhibit has been discussed pro and con in this city, until the chamber has finally decided to submit the question to the members of the chamber.

Accordingly, return postal cards have been sent out to all the members, asking them to express their opinion on the subject.

"Dear Sir: During the month of June, 1897, the board of directors, by unanimous vote, decided to discontinue the branch exhibit at the Los Angeles Chamber of Commerce, which has been maintained for some time past, at an expense of about \$20 per month. The reasons for this were:

"First, that the results did not satisfy them that the expense was justified, especially when there were other means of advertising which they regarded as more advantageous.

"Second, the difficulty of maintaining an exhibit, especially one of this nature, and the expense of the exhibit, especially fruits of a perishable nature, and thus being at a disadvantage with places nearer to Los Angeles.

"In view of many newspaper criticisms, more particularly one published in the Evening Sun and the Los Angeles Record, it has been decided to submit this matter to a vote of the membership. Please fill out and return the enclosed card, and mail at once the other half of this card.

"By order of the board of directors, E. V. McCONOUGH, Secretary."

SAN DIEGO BREVITIES.

A large brokerage firm in Chicago has made a proposition to the Supervisors of this county to take \$125,000 county bonds that are now held in the State school treasury, at 5 per cent, at par, refund the county 45 cents, and carry the balance of the bonds to the county treasury, at the minimum price of \$100, which would amount to about \$60.

The proposition was referred to the Supervisors, and they will report at the next meeting of the board.

D. J. Loudermire has apparently struck a bonanza on Warner's ranch, where he now has \$125,000 in vein of gold quartz that shows \$125,000 in value of gold.

Mr. Loudermire has just returned from San Francisco, where he has had several assays made of samples of rock from his new find, and he reports them quite satisfactory. Accompanied by a mining expert, he returned to the mines on the ranch yesterday.

The property of the Citizens' Traction Company was formally offered for sale yesterday afternoon in front of the Courthouse by Commissioner Dodson, at the minimum price of \$40,000, but there were no takers, and the property was consequently not sold. A report of the sale of the property was made to the Superior Court, when further steps will probably be taken toward disposing of the property.

Howard M. Ketchin, special government agent in charge of the salmon fisheries in Alaska, has returned to the city, after a season having ended in the Alaskan territory. Mr. Ketchin will remain in San Diego only a short while, and then he will go to Washington to report at headquarters.

A large amount of piping has been shipped from Los Angeles to the mines of the J. L. Treadlow, general agent of the Santa Fe, returned to his San Francisco office today, after visiting his family still resident in this city.

Supervisor A. B. Williams has secured a six days' leave of absence and gone to Lake Tahoe and other places for an outing.

The appointment of the 5000 acres of land belonging to the San Marcos Land Company has been decided upon, and deeds to the respective stockholders are being executed. A large portion of the holdings will be improved.

The case of Lena T. Cleland vs. Santiago Palomares, brought to have certain Indians ejected from lands at Mesa Grande, is now occupying the time of Judge Higgins in Department Two of the Superior Court.

A blacksmith shop at the corner of Main and E streets, belonging to the Palace Stables, burned Monday evening with all its contents. The origin of the fire is unknown. The loss is about \$2500.

The residence of Mrs. L. D. Clark of National City was entered by burglars Sunday night, and considerable valuable property was taken. Mrs. Clark has been absent from home several days.

Mrs. Mary A. Norman has been appointed administratrix of the estate of Allen D. Norman, deceased, to take charge of the Bon Marche grocery stock.

The schooner Maggie C. Russ arrived yesterday from Port Gamble, with 280,000 feet of pine lumber for the Russ Lumber Company.

The Iowa Association of San Diego county will picnic at Linwood Grove Thursday of this week.

J. G. McCormack has been appointed postmaster at Descanso, vice John Combs, term expired.

SAN BERNARDINO COUNTY.

TAX LEVY FOR GOOD ROADS AND A COURTHOUSE.

Another Mill Creek Power Project. Livestock Rescued Abuse of His Stock—Runaway Accident. Stocking the Trout Streams.

SAN BERNARDINO, Sept. 21.—[Regular Correspondence.] Owing to the unexpectedly large increase in the registration, a redistribution of the high and grammar schools of the county was necessitated, which work occupied a good deal of the time of the Superintendent and teachers on Tuesday. A total of 1126 scholars have been enrolled in the grammar schools, and 212 in the high school.

The assessed valuation of the school districts of four of the larger cities in the county, with the amount of the special school tax levied, follows: The valuation of the railroad assessments and the 10 per cent reduction made by the State Board of Equalization is subtracted from the original valuation as fixed by the county assessor: San Bernardino, valuation, \$2,551,379, special tax, \$1.35; Chino, valuation, \$1,282,531, special tax, \$1.35; Redlands, valuation, \$1,250,744, special tax, \$1.35.

THE TAX LEVY.

The new tax levy not only provides for good roads, but insures the completion of the Courthouse, that has remained unfinished for several years, with a stock of funds.

ORANGE COUNTY.

TRIAL OF MANUEL FELLOWS FOR MURDER BEGUN.

Proceedings of the Santa Ana City Council—Sale of Mines in Trabuco District—News Notes of General Interest.

SANTA ANA, Sept. 21.—[Regular Correspondence.] Slow progress is being made in the trial of Manuel Fellows, the entire time of Monday's sessions and that of this morning being consumed in selecting a jury to try the case.

At 120 o'clock Dist. Atty. West outlined the case to the jury, and made a statement of the facts which the prosecution would undertake to prove. H. C. Kellogg, County Surveyor, was called to the stand to specify location and distances on a map of Capistrano, in and about the scene of the murder. The testimony of Coroner Clark as to the holding of the inquest and examination of the body was also taken.

CITY COUNCIL.

At the meeting of the City Council Monday evening license ordinance No. 165 was passed. This ordinance provides for the licensing of trades and occupations in the city. By the insertion of several new provisions over \$500 yearly will be added to the city's income. Among the new features are a tax of \$200 per year on auctioneers of second-hand goods and bankrupt stock, fees on hawkers and street peddlers, and a license of \$100 per year on railroads and the same amount on all other lines of transportation.

These corporations have never before been subject to license.

R. J. Anderson was granted the contract for supplying the city with 1100 feet of 4-inch cast-iron pipe. It will be used in extending the water service to residents of the East Side.

Bids were ordered for furnishing a room for use as a city hall, the contract on the building now used having expired. Bids were also invited for printing the ordinances and resolutions of the Council in book form.

The deed for the conveyance to the city of block 90 on North French street was presented by George L. Knight, and accepted. The property contains about two acres, and is to be laid out and used as a public park.

W. B. Rider of Redlands was appointed to cooperate with the City Engineer in preparing a map of the city, showing the location of the sewer, at a salary of \$7 per day.

TRABUCO MINES SOLD.

Jacob Yeager today consummated a deal for the sale of his mining claims in the Trabuco Canon to capitalists in Los Angeles and Denver. The consideration of the purchase is \$120,000, and the buyers will proceed with the mining operations. The mines sold are a group of eight which Yeager has been working for some time past, and which show good prospects for the future.

ORANGE COUNTY BREVITIES.

The Monday Club held its first meeting for the year Monday evening, and elected officers for the ensuing term. O. M. Robbins was chosen president, E. C. Cooke, vice-president, J. G. Bernicke, secretary, and E. J. Norris, treasurer.

Informations have been filed against Dionicio Perez and Jose Sanchez, charging them with the murder of a woman named Mrs. Carpenter, who was killed at 2:30 today (Tuesday). The ceremony was performed by Rev. E. R. Fernald at the residence of H. Carpenter in Bush street.

MONROVIA.

MONROVIA, Sept. 21.—[Regular Correspondence.] S. Carlson, who has resided in Monrovia for five of six years and has long been suffering from consumption, died Monday at his residence. He was about 45 years old and leaves a widow and daughter. His funeral occurred today at 2:30 p.m. The city well is now 115 feet and work is progressing steadily and satisfactorily.

RIVERSIDE COUNTY.

CITY COUNCIL REGULATING THE SELLING OF LIQUOR.

County Tax Levy Generally Approved—Old Business License Ordinance in Force—Board of Trade to Be Reorganized.

RIVERSIDE, Sept. 21.—[Regular Correspondence.] A special meeting of the City Council was held Tuesday morning.

Ordinance fixing the tax levy and establishing general regulations for street work were passed.

A form of permit for the hotel men to sell beer and wine under the new prohibition ordinance was adopted.

The old business license ordinance still obtains, for the reason that the revenue derived therefrom is much more than the new business license, based on the volume of business done by the leading merchants, as stated by the City Marshal.

THE TAX LEVY.

The people of Riverside county seem to be generally well satisfied with the tax levy of \$1.50 outside cities. Last year the rate was \$1.25, and the assessed valuation of taxable property was much larger. The rate outside cities is \$1.25, to which must be added a school tax, in Riverside, of 50 cents, and a city tax rate of 95 cents, making a total of \$2.95 on the \$100. Last year the total tax in this city was \$2.94 on the \$100.

RIVERSIDE BREVITIES.

C. W. Finch has returned from his trip North, having landed Plaster, the Corona burglar, who is now in the hands of the law. Finch discovered that his prisoner had been sent up from Santa Ana about seven years ago, and that the name of Blatter, to serve a two years' term for burglary.

Police Officer J. B. Robbins reported the loss of a lap robe, a lady's black cape and a boy's coat, at the Police Station last night. Robbins stated that he did not think the articles had been stolen, but were lost from his buggy while driving to the station.

The regular monthly inspection of the police occurred yesterday morning. The order was for long coats, belts, white gloves, white helmets, clubs and guns to be worn. The weather was simply smothering and in consequence Chief Glass cut the inspection as short as possible consistent with full observation of the regulations.

The police on the morning beat on Spring street are enforcing the ordinance against washing show windows on the outside after 7 o'clock in the morning. Late today with a view to made of late by women who are compelled to go to work in the early morning, concerning the sloppy condition of the sidewalks there are compelled to traverse which is due to the use of the hose in washing down windows. The practice will be stopped.

FOR FALLEN WOMEN.

SALVATION ARMY SECURES A RESCUE HOME.

To Be Ready by December First at South Pasadena—Reception and Farewell Services for Lieut.-Col. J. J. Keppel.

At the Salvation Army headquarters it is announced that Mrs. O. Cleveland has willed her Orphans' Home in South Pasadena to the army. They are to pay off a mortgage of \$2000 on the place. Mrs. Capt. Dunham of the army said yesterday: "Five hundred dollars has been promised by one man for this purpose, and the rest will be raised immediately, together with \$1000 to \$1500 for improvements. The kindergarden and orphans' home now there will be transformed into a rescue home for girls. An architect examined the buildings on the place today with a view to raising the present building another story and providing accommodations for twenty-five to thirty girls."

"It is a beautiful place," continued Mrs. Dunham, "I was delighted when I saw it. It is easily accessible, being only a few feet from the Pasadena car line, contains three and a half acres well laid out in ornamental shrubbery, orchards, shade trees, etc. Lieut.-Col. Keppel will complete final arrangements for its transfer Saturday next, and we hope to have it in full running order by December 1. Under our management it will quickly become self-supporting, as our girls will be kept busy, not only with the work of the house, but also with laundry work, sewing and perhaps a carpet or rug factory there. If after four or five months at the home a rescued sister is found to have adopted a right life she is allowed to return home if she wishes, or a home or position is found for her if possible, and money made for another. We have long needed such an institution here. In the work of rescuing fallen women our army methods have proven themselves successful."

Lieut.-Col. J. J. Keppel has established eight homes, shelters, wood-yards, dispensaries, etc., in San Francisco. He will be here Saturday, and a farewell reception will be tendered him Saturday evening in the chapel of the First Presbyterian Church, Figueroa and Twentieth streets, from 5 to 5 p.m. by Staff Captain and Mrs. Dunham, the officers in charge of the Salvation Army work in Southern California, joined by a number of the prominent people of this city. The Reception Committee for the occasion are: Rev. Burt Estes Howard, Mrs. Thomas D. Stinson, Mrs. J. S. Slauson, Mrs. Dr. Bell, Miss A. C. Adrin, Mrs. Mary Kent, Miss Asbury Kent, Mrs. Rufus Herron, Mrs. Roscoe Ashley and Mrs. Felix C. Howe.

On Sunday, September 26, Lieut.-Col. J. J. Keppel, who has for five years commanded the Pacific-coast division of the Salvation Army and leaves to take charge of the Atlantic-coast division, will conduct three farewell meetings, one at Peniel Hall on Main street near Second, 11 a.m., and two at Immanuel Presbyterian Church, corner of Tenth and Figueroa streets, at 3 o'clock and 8 o'clock, respectively. Mr. Keppel is said to have a very interesting life history and to have earned his present eminence in the Salvation Army by the exercise of rare executive ability in constant wide-spread and effective work in extending and strengthening the organization. His farewell addresses will cover the five years' work of the organization on the Pacific Coast and be illustrated with stereopticon views.

SPECIAL EXCURSION TO MOUNT LOWE. Thursday, September 23, members of Soldiers' Home, and their friends: \$1.50 from Los Angeles over entire line Mt. Lowe Railway and return. Pasadena electric cars leave at 4:30 and 5:00 a.m. Office 214 South Spring street. Telephone, Main 950.

THE BOY DRUNKS.

Fined for Their Fun, but Refuse to Tell Who Got Them Drunk.

The two boys found on Adobe street on Monday unconscious from the effects of liquor, had sufficiently sobered up yesterday to give their names. Neither boy is over 15 years of age. The elder one gives the name of Jim Hays and says he is from San Antonio, Tex., from which place he ran away. The younger lad is Tom Garrity of this city, and bears the reputation of being a hard-working boy. The lads told the officers that they procured the liquor at the fire which burned out a saloon and restaurant on Fernando street the other night. This tale the officers have proven to be untrue, but the boys stuck to it and refused to tell the officers where they got their liquor.

The boys pleaded guilty before Justice Morrison yesterday afternoon. He sentenced Garrity to ten days in jail, but suspended the sentence, as the boy is at work in a cannery and would lose his place if confined in jail, but if he gets into any further trouble the ten-days' suspended sentence will be enforced. Young Hays was given two days in jail at the request of the officers, who hope to learn the identity of the men who sold the liquor.

BED WETTING

is rarely the fault of children. They can't help it, because of the weakness that causes it, and they are too young to exercise the will-power of a grown person to arise out of sleep when troubled with irritable bladder or weak kidneys.

Parents can help and prevent it, so they tell us in their letters, because it can be

CURED

The Hobbs Sparagus Pills I got from you for kidney trouble were given to my son according to directions, and so well were we pleased with the result after a few days trial I purchased a full box of the Sparagus Pills and a box of the Little Liver Pills. Before taking these pills our boy had to get up at night, and very often wet the bed. At school he was forced to leave the room several times a day on account of kidney and bladder weakness. Now he can remain throughout the session and is just about well. I certainly think Dr. Hobbs Kidney Pills is the best medicine we ever used. We tried several other kinds without producing any good effect.

DR. CHUNG, Office No. 60 Upper Main St.

Hundreds of California citizens are today thanking Dr. Chung for his successful treatment of their diseases. After a prolonged practice of over 30 years, his heretofore unproven method has proven an unequalled success. Where it was possible that a cure could be effected, he has cured where others have failed. Dr. Chung is a thorough gentleman and a physician in good standing.

To the Public: I hereby testify that for many years I was afflicted with lung, stomach and heart troubles and was treated by several of the most prominent physicians without relief. After consulting Dr. Chung and taking his herb medicines, I am able to state to all those afflicted with similar diseases that I am entirely cured. I take pleasure in recommending his methods to all who are suffering. True Nellie Sadler, 729 Jackson St., Los Angeles, Cal. Aug. 4, 1897.
